Dev Prabhakar Shastri “Daddaji”

A Life of Selfless Service and Spiritual Light

Dev Prabhakar Shastri Ji, fondly known as Daddaji, was a beacon of spiritual wisdom and social change. Born in Madhya Pradesh, he devoted his life to Sanatan Dharma, advocating for national service and moral upliftment. His core teaching, "Seva Parmo Dharma" or "Service is the highest religion," encouraged truth, discipline, and duty.

Daddaji also promoted education and cultural pride among youth, significantly impacting social and educational institutions in India. His ideals continue to inspire us to live with purpose, humility, and devotion, even after his passing.

“जीवन का अर्थ तभी है, जब वह अन्य के जीवन को अर्थ दे।”

("Life has meaning only when it gives meaning to the lives of others.")

CHAIRMAN'S MESSAGE

Shree V. K. Singh
Chairman, Thakur Educational Group

Shaping Possibilities. Inspiring Excellence.

Dear Students, Parents, and the **TSDCEM** Community,

As we step into the second academic year of **Thakur Shree DPS College of Engineering & Management**, it is deeply gratifying to see a strong foundation take meaningful shape. What began as a vision has evolved into a dynamic academic environment defined by purpose, discipline, and aspiration.

At **TSDCEM**, we believe education must do more than inform—it must inspire. Our focus is on nurturing thoughtful professionals, innovators, and leaders who combine technical competence with managerial acumen, creativity, responsibility, and adaptability in a rapidly changing world.

This year marks a phase of thoughtful growth. We are strengthening our academic framework, expanding opportunities for innovation, and fostering a culture that encourages inquiry, collaboration, and excellence.

To our students, you are integral to this journey. The standards you uphold and the curiosity you cultivate will shape not only your future but also the identity of this institution.

With the enduring strength of the Thakur Educational Group behind us, we move forward with clarity of purpose—to build an institution respected for its values, vision, and contribution to society.

With sincere commitment,

V. K. Singh

Chairman, Thakur Educational Group

WELCOME MESSAGE

Shree Jitendra R. Singh
Secretary, Thakur Educational Group

Growing Together - moving Forward

Dear Students,

It is a joy to welcome you to a new academic year at Thakur Shree DPS College of Engineering & Management.

In a very short time, **TSDCEM** has become more than an institution—it has become a community shaped by hope, effort, and shared dreams. Each one of you adds meaning to this journey.

We believe that true education is not only about knowledge, but about nurturing confidence, character, and the courage to move forward. Here, you will always find guidance, encouragement, and a sense of belonging.

As we step ahead, let us continue to learn, grow, and inspire one another—together.

With warm regards,

Jitendra R. Singh

Secretary, Thakur Educational Group

TRUSTEE'S MESSAGE

Shree Ramesh R. Singh
Trustee, Thakur Educational Group

With Care, We Build Futures

Dear Students, Parents, and the **TSDCEM** Family,
It is heartening to see **TSDCEM** grow from its beginnings into a nurturing and purposeful academic community. In this short journey, the spirit of learning and togetherness has already begun to define who we are.

We believe that education is most meaningful when it is supported by care, guidance, and a deep sense of responsibility. At **TSDCEM**, we remain committed to creating an environment where every student feels supported, valued, and inspired to move forward with confidence.

As we enter a new academic year, let us continue to grow together—with trust, dedication, and a shared vision for a brighter future.

With heartfelt wishes,

Ramesh R. Singh

Trustee, Thakur Educational Group

MEET OUR PRINCIPAL

Leadership with Purpose

At **TSDCEM**, growth is guided by vision and integrity under the leadership of **Dr. Ravish R. Singh**.

With over three decades of academic experience and as an author of more than 50 books in engineering and mathematics published by renowned publishers such as McGraw-Hill and Pearson, he brings both depth of knowledge and lasting contribution to education.

Dr. Singh is shaping **TSDCEM** into a space that encourages innovation, critical thinking, and responsibility, nurturing professionals who are skilled, innovative, ethical, and future-ready. With his guidance, **TSDCEM** moves forward with confidence, building a culture of excellence and purpose.

PRINCIPAL'S MESSAGE

Where Your Future Begins to Take Shape

Dear Students,

At **TSDCEM**, we don't just offer answers—we help you discover them. Here, ideas are explored, challenges are embraced, and learning becomes a pathway to creating something meaningful.

Here, you will learn to think critically and build with purpose. With the right guidance and opportunities, your potential will thrive. If you're ready to shape your future, **TSDCEM** awaits you.

Dr. Ravish R. Singh
Principal, **TSDCEM**

VISION

The leader in experiential learning

To be a leader in technical education, producing globally competent and socially responsible professionals who contribute to technological and societal advancement through knowledge, leadership, and ethical practices.

MISSION

Aim to provide quality education to students.

- To provide a well-rounded education that integrates technical expertise, practical skills, and creativity, empowering students to solve complex problems.
- To foster a culture of research, creativity, and innovation to generate new knowledge and develop sustainable technologies that address local and global challenges
- To instil ethical values and social responsibility in students, emphasizing sustainability, diversity, and the positive impact of technology on society.
- To encourage continuous learning, leadership development, and effective communication, enabling adaptation to the evolving technological landscape and promoting holistic personal growth.

ABOUT US

Pioneering Excellence

The Thakur Educational Group has a long-standing legacy of excellence and has been a leader in providing quality education and community welfare for decades. Each year, it nurtures over 50,000 students across 25 institutions. The Group is recognized for its NAAC and NBA-accredited, ISO-certified programs, which offer a diverse range of courses in engineering, management, law, aviation, animation, and more. This comprehensive approach prepares graduates to excel in the global job market.

Dedicated to holistic education, the Group also offers financial aid to deserving students. It participates in various initiatives across social, cultural, and educational realms, promoting the development of leaders and responsible citizens.

ABOUT TSDCEM

Where Excellence Evolves

TSDCEM, established by the Thakur Educational Group, is steadily emerging as a distinguished centre for professional and technology-enabled education. Built on a strong and purposeful foundation, the institution is evolving into a vibrant academic ecosystem where innovation, discipline, and aspiration converge to shape future-ready professionals.

Guided by a forward-looking philosophy, **TSDCEM** places strong emphasis on emerging domains such as artificial intelligence, data science, robotics, digital transformation, entrepreneurship, and sustainable technologies. Our approach ensures that students are not only equipped with technical knowledge but are also prepared to think critically, adapt continuously, and contribute meaningfully in a rapidly evolving world.

At **TSDCEM**, education is not merely about learning—it is about **becoming capable, confident, and future-ready**.

WHY TSDCEM

Shaping Future-Ready Professionals Through Excellence, Innovation, and Opportunity

At **TSDCEM**, education goes beyond a degree—it prepares you to **excel in a dynamic world**. Inspired by the legacy of the Thakur Educational Group, we combine **academic excellence, innovation, and holistic development** to shape future-ready professionals.

Legacy of Excellence

A strong foundation of discipline, quality education, and proven academic success.

Industry-Ready Learning

Hands-on training, real-world exposure, and skill-based education for confident careers.

Modern Infrastructure

Advanced labs, smart classrooms, and a vibrant campus that inspires growth.

Career-Focused Approach

Dedicated training and industry connect to open doors to strong career opportunities.

Holistic Development

Technical skills, communication, and leadership—developing you as a complete professional.

TSDCEM is not just where you study—it's where you begin your future.

ACADEMIC EXCELLENCE

Designed for Relevance. Driven by Outcomes.

At **TSDCEM**, academic excellence is shaped through a curriculum that balances strong fundamentals with future-focused learning. Aligned with the University of Mumbai and guided by global standards such as the Washington Accord, our academic framework ensures both rigor and relevance.

Our approach goes beyond conventional learning. By integrating disciplinary knowledge with perspectives on emerging technologies, computing, innovation, entrepreneurship, and management, we create an interdisciplinary learning experience that prepares students for real-world challenges.

Emphasis on hands-on training, practical application, and problem-solving enables students to translate knowledge into innovation. Through this progressive approach, **TSDCEM** is shaping future-ready professionals who are not only technically proficient but also adaptable, analytical, and ready to lead in a rapidly evolving technological landscape.

FACULTY

The Strength Behind Every Success

At **TSDCEM**, our faculty are the driving force behind our academic excellence—bringing knowledge, experience, and inspiration into every learning experience. They form the intellectual and ethical backbone of the institution, shaping not just what students learn, but how they think and grow.

With an average of over 14 years of academic experience, our educators blend deep subject expertise with a progressive, student-centric approach. Through innovative teaching methods, they create classrooms that encourage curiosity, critical thinking, and meaningful understanding.

Beyond teaching, they serve as committed mentors—guiding students through academic pursuits, projects, and emerging research areas. Their continuous support helps students build confidence, develop practical insight, and achieve their full potential.

At **TSDCEM**, our faculty do more than impart knowledge—they **inspire, guide, and shape future-ready professionals, innovators, entrepreneurs, and responsible citizens.**

STATE-OF-THE-ART INFRASTRUCTURE

Designed for Holistic Growth

At **TSDCEM**, infrastructure is designed not just to support learning but to **enable innovation and exploration**. Our laboratories are equipped with modern tools and technology, these spaces bridge the gap between theory and application—ensuring that students graduate with confidence, competence, and industry readiness.

Workshops provide students with hands-on experience, allowing them to experiment, design, and transform concepts into practical solutions.

STATE-OF-THE-ART INFRASTRUCTURE

Technology-Enabled Learning Environment

At the core of **TSDCEM**'s academic environment lies a strong integration of technology with learning. Our advanced Computer Centre is equipped with high-performance systems and specialized software that support programming, data analysis, artificial intelligence applications, and simulation-based learning.

Smart classrooms, seminar halls, and dedicated academic spaces foster interactive learning, discussions, and collaborative thinking. Every element of our infrastructure is designed to make learning **dynamic, engaging, and future-focused**.

The Language Lab complements technical education by enhancing communication, presentation, and professional skills—preparing students to perform effectively in global environments. Smart classrooms, equipped with digital teaching tools, transform traditional learning into an interactive and engaging experience.

TSDCEM offers a campus environment that supports both academic excellence and personal well-being. A well-stocked library provides access to a vast collection of books, journals, e-resources, and reference materials—encouraging continuous learning and intellectual exploration.

STATE-OF-THE-ART INFRASTRUCTURE

Technology-Enabled Learning Ecosystem

Every aspect of the campus is designed to create a balanced and enriching environment where students can **learn effectively, grow confidently, and develop into well-rounded individuals** ready for the future.

Student-centric facilities such as a first-aid room, bookstore, and other essential services ensure a safe and supportive campus experience. The vibrant canteen serves as a space for relaxation, interaction, and informal exchange of ideas—fostering a sense of community among students.

Seminar halls, drawing halls, and dedicated tutorial spaces provide platforms for discussions, workshops, and collaborative learning. This integrated ecosystem ensures that students are not only technically proficient but also confident communicators and critical thinkers.

PROGRAMS OFFERED

B.E. PROGRAMS Full Time Commitment

TSDCEM proudly offers state-of-the-art Bachelor of Engineering (B.E.) programs designed to meet the demands of a technology-driven world.

1

Computer Engineering
120 Intake

2

Information Technology
120 Intake

3

Electronics and Computer Science
60 Intake

4

Artificial Intelligence and Data Science
120 Intake

Computer Engineering: Master software development, cybersecurity, and cloud computing, equipping you with skills to excel in dynamic tech environments and confidently lead projects.

Information Technology: Acquire expertise in IT infrastructure, web development, and database management. Learn to create secure applications, oversee data systems, and address real-world IT challenges to ensure your success in fast-paced tech environments.

Artificial Intelligence and Data Science: Gain expertise in machine learning, data analytics, and AI model development. Learn to analyze large datasets, create intelligent systems, and forecast trends to be at the forefront of AI-driven innovation.

Electronics and Computer Science: Gain skills in hardware and software. By mastering embedded systems, IoT, and circuit design, you will combine these skills to create innovative solutions.

MASTER OF COMPUTER APPLICATIONS Full Time Commitment **120 Intake**

Master of Computer Applications (MCA): Gain advanced knowledge in computer science, software development, and modern computing technologies. You will develop expertise in programming, application design, data management, and system architecture, preparing you to build efficient and scalable software solutions.

PLACEMENT OPPORTUNITIES

Bridging Academic Excellence with Career Success

TSDCEM is committed to building a future-ready ecosystem that equips students with the skills, confidence, and opportunities needed for successful careers and higher education. A structured, outcome-based training framework is introduced from the early stages, focusing on career awareness, skill development, aptitude building, and industry readiness through orientation programs, SWOT analysis, and coding fundamentals.

The institution strengthens student preparedness through SMART training modules in Spoken English, Mathematics, Aptitude, Reasoning, and Technology, as well as focused sessions on communication skills, group discussions, resume building, and interview techniques. Continuous mentoring, hands-on learning, and regular assessments ensure strong technical competence, analytical ability, and professional communication skills.

Equal emphasis is placed on competitive examinations such as GATE, CAT, and GRE, enabling students to pursue higher studies at reputed institutions. Through this holistic approach, **TSDCEM** consistently nurtures confident, industry-ready graduates, contributing to academic excellence and institutional growth.

TRAINING & PLACEMENT ORIENTATION

Bridging Learning with Career Success

Mathematical reasoning sessions are designed to strengthen logical thinking and problem-solving skills, which are crucial for academic success and professional development, with a core focus on improving speed, accuracy, and decision-making.

We organize Training & Placement Orientation Sessions to introduce First-Year students across all programs to the Placement & Higher Studies Committee and its role and functions early in their academic journey.

The sessions focus on creating awareness about career planning, skill development, and industry expectations. Students are encouraged to evaluate themselves using the SWOT (Strengths, Weaknesses, Opportunities, and Threats) framework to better understand their potential and areas for improvement.

CULTURAL EXTRAVAGANZA

Where Passion Meets Excellence

The Cultural Fest at **TSDCEM** is an annual celebration of creativity, talent, and artistic expression, turning the campus into a vibrant hub of energy and enthusiasm. It provides students with a platform to showcase their talents beyond academics.

The Cultural Fest at **TSDCEM** is not just an event; it is a celebration of passion, creativity, and unforgettable experiences.

SPIRIT OF SPORTS

Nurturing Talent, Teamwork, and Leadership

TSDCEM emphasizes holistic education beyond academics, with a vibrant sports culture that fosters teamwork, leadership, and overall student development.

The annual sports event features games such as Box Cricket, Football, Tug of War, Badminton, Table Tennis, Dodge Ball, Chess, and Carrom, offering students opportunities to showcase talent, build confidence, and develop a competitive spirit.

With active participation from boys and girls, **TSDCEM** provides an inclusive, energetic environment, supported by modern facilities and faculty guidance. The Sports and Cultural Fest “**NAAD**” reflects the institution’s commitment to fitness, teamwork, and holistic growth.

SRUJANAM

Annual Technical Fest

SRUJANAM is the institution's annual technical fest, designed to offer a dynamic platform for students to showcase their technical skills, creativity, and innovative thinking beyond the classroom. The fest promotes experiential learning, problem-solving, teamwork, and practical application of technological, analytical, and managerial concepts through a variety of engaging activities.

The event includes various competitions such as a Technical Quiz, Ideathon, Poster Presentation, Coding Competition, Robo Car Race, Computer Games, and several other fun technical events, encouraging participation from students of diverse disciplines.

LIFE IS ALL POSITIVE

Motivational Session

Interactive motivational sessions are designed to inspire students to develop a positive mindset and overcome everyday challenges. These sessions focus on building confidence, managing stress, and promoting a constructive outlook toward both academic and personal life.

Through an engaging Q&A format, students actively interact and gain practical insights on handling emotions, failures, and peer pressure. The sessions emphasize the power of positive thinking and motivate students to approach life with resilience and self-belief.

CELEBRATING THE BEAUTY OF MATHEMATICS

Inspiring Curiosity, Logic, and Intellectual Exploration

At **TSDCEM**, learning is enriched through thoughtfully curated academic celebrations such as International Mathematics Day (Pi Day), which foster curiosity, analytical thinking, and a deeper appreciation for core subjects.

TECHNOLOGY TAKING FLIGHT

Exploring Applications, Innovations, and Future Opportunities in Aerial Systems

At **TSDCEM**, expert sessions and seminars on emerging technologies are regularly organized to introduce students to evolving technological landscapes and future opportunities.

Through focused sessions on aerial systems and advanced technologies, students gain insights into fundamental concepts, working mechanisms, and diverse real-world applications across sectors such as agriculture, surveillance, logistics, disaster management, and media.

These initiatives also highlight future scope and career pathways, encouraging students to explore innovative domains and align their learning with industry trends. By connecting academic knowledge with real-world applications, TSDCEM fosters curiosity, awareness, and a forward-looking approach among students.

INNOVATION BEYOND CLASSROOMS

Exploring Technologies That Shape the Future

At **TSDCEM**, learning goes beyond academics through regular workshops, expert sessions, and hands-on activities in emerging technologies such as robotics, drones, automation, and artificial intelligence.

“**Future of Robotics**”, gaining insights into evolving industry trends, automation, and future career opportunities.

Robotics Level – I Workshop, where students explore the fundamentals of robotics through practical learning and hands-on activities, including the construction and operation of a wired Robo Car.

Through such technology-driven initiatives, **TSDCEM** encourages innovation, creativity, and future-ready technical skills among students.

EDUCATION WITH HUMANITY

Creating Professionals Who Care Beyond Technology

At **TSDCEM**, social responsibility is an integral part of education. Through the Department of Lifelong Learning and Extension (DLLE), a range of initiatives are regularly organized to nurture awareness, empathy, and a sense of responsibility among students.

Students actively participate in outreach programs such as community awareness drives, environmental initiatives, cleanliness campaigns, and social support activities, including visits to shelter homes and participation in donation drives. These experiences help them understand real-world challenges and contribute meaningfully to society.

In addition, training programs, workshops, and awareness-based activities on social and developmental issues encourage students to engage, reflect, and act responsibly.

Through such continuous efforts, **TSDCEM** aims to develop not only skilled engineers, but also **compassionate individuals committed to making a positive impact on society.**

CREATIVE EXPRESSIONS

Celebrating Creativity, Expression, and Student Spirit

At **TSDCEM**, we believe education extends beyond academics. Through cultural activities, competitions, and co-curricular engagement, we nurture communication skills, creativity, leadership, and social awareness—helping students grow into confident and well-rounded individuals.

A remarkable beginning... with many more milestones ahead.

- Second Prize in the Street Play Competition
- Third Prize in the Elocution Competition

In its very first academic year, **TSDCEM** proudly made its presence felt at *UDAAN Fest*, showcasing the creativity, confidence, and talent of its students on the intercollegiate stage.

Our students demonstrated exceptional performance and team spirit, earning recognition among participating colleges:

LAUNCH YOUR LEGACY

Be Part of a Growing Legacy at TSDCEM

Step into a world where innovation meets opportunity at **TSDCEM**. As we enter our second academic year, we build upon a strong and promising foundation—moving forward with greater vision, expanded opportunities, and renewed purpose.

With the introduction of the **Master of Computer Applications (MCA)** program alongside our engineering courses, **TSDCEM** continues to evolve as a dynamic centre for technology and innovation.

Be a part of this journey—not just as a student, but as a contributor to a growing institution that values excellence, creativity, and impact.

Your journey towards a confident and successful future begins here.
